

MitreBond Rapid adhesive system

Key Features:

- MitreBond is a strong quick set adhesive requiring no nails or clamps, no waiting and no mess.
- MitreBond has many uses including bowed backsplash, UPVC Window trims, door trims, melamine end strips, skirting, architectural moldings, cornice and pelmet, crown molding and many more.

Directions for Use:

MitreBond is an instant bonding low viscosity adhesive to give greater bond strength on porous surfaces. Apply one or two drops of adhesive onto one side of the joint and then spray MitreBond activator or use MitrePen on the other side of the joint. Quickly bring the two sides into line and firmly press together, hold for 10 seconds and its complete.

Consumer Benefits:

Materials MitreBond can be applied to:

MDF
Timber
Glass
Ceramics
Aluminium
Chipboard
Perspex
Steel
Porcelain
Some plastics
